MedStart – Connected
The Future of MedTech

Tufts MedStart is a healthcare conference with a mission of helping attendees turn ideas into action. This year's conference, themed "Connected: The Future of MedTech," will focus on the various ways digital medical technologies are changing healthcare in the community and at the bedside. The event will be held on December 3rd, 2016 at Tufts University School of Medicine in Boston, MA. Our goal is to help foster ideas in entrepreneurship through various themes including healthcare policy, technology startups, innovation, biotechnology, and patient interaction with technology.
